

Environmental Policy

ZJ Building Services (the 'Organisation') aims to consider the condition of the environment in which the Company operates and provide goods and services within an environmental sound framework.

The Organisation operates an Environment Management System that has gained BS EN ISO 14001:2015 certification, including aspects specific to the provision of Mechanical Engineering and Air Conditioning.

The management is committed to:

1. Develop and improve the Environmental Management System
2. Continually improve and communicate the Environmental Management System
3. Monitor & Measure Environmental Objective and Targets
4. Comply with all relevant Legislation & regulations
5. Reduce the consumption of resources (materials, fuel & energy) and ensure unavoidable waste is recycled, reused, or recovered, where possible or disposed of responsibly
6. Ensure that all our staff maintain the aims and objectives of this policy are met through training and awareness

The structure of the Environment Management System is defined in this Quality, Environmental and OH&S Manual.

All personnel understand the requirements of this Environmental Policy and abide with the contents of the Quality, Environmental and OH&S Manual. The Organisation complies with all relevant statutory and regulatory requirements. The Organisation constantly monitors its quality performance and implements improvements when appropriate.

This Environmental Policy is regularly reviewed in order to ensure its continuing suitability.

Copies of the Environmental Policy are made available to all members of staff and to relevant interested parties. Copies of the minutes of Management Reviews, or extracts thereof, are provided to individual members of staff in accordance with their role and responsibilities as a means of communicating the effectiveness of the Quality, Environmental and OH&S Manual.
